Abstract and Keywords

Induction and maintenance of general anaesthesia in tympanoplasty: A comparison of propofol and halothane

Anjum K., Revington PJ., Irvine GH., Majidi MR., Peivandi A.

Introduction

Aim and Scope: The Iranian Journal of Otorhinolaryngology is a peer-reviewed, quarterly publication of the Mashhad University of Medical Sciences (MUMS), Mashhad, Iran. The journal is published under the supervision of the Otorhinolaryngology Department of University and is the official organ of Otorhinolaryngology and Head and Neck Surgery, Mashhad University of Medical Sciences. The journal is indexed in major medical databases and is reviewed by independent experts. This journal is approved by the Medical Journals Commission of the Ministry of Health and Medical Education of Iran.

2. Submission: Manuscript must be accompanied by a covering letter to the editor-in-chief, including title and author(s) name, and undertaking that it has not been published or submitted elsewhere. In case the manuscript was earlier submitted to some other journals and was rejected, the authors must provide full information for proper analysis. Manuscripts submitted in English, must be typed, double-spaced on one side of the A4 size paper with clear margins on both sides. Tables as well as illustrations should be typed and drawn on a separate paper. Authors are requested to reserve margins of at least 2 cm all around the paper. Tables as well as illustrations should be typed and drawn on a separate paper.

3. Submission: Manuscript must be typed on double spaced text with 250 words. Do not cite references in the abstract. Limit the use of abbreviations and acronyms. Use the Medical Subject Headings (MeSH) list of index medicus:

4. The manuscript should include: Title page, Structured Abstract and Keywords, Text (Introduction, Materials and Methods, Results, Discussion, Conclusion), Acknowledgment and References.

5. Title pages: Title page must be submitted as part of manuscript. This should contain: article title (not to exceed 75 characters, including spaces); authors’ names with full first name, their degrees and affiliations (dept., institution, city, state); institution where the work was done (indicate which author is in which department); a short running title of no more than 45 letters and spaces, with complete address (including e-mail address and postal codes) and telephone and fax numbers.

6. Structured Abstract and Keywords: Abstract must be submitted as a separate file on online system. Limit the abstract to 250 words. Do not cite references in the abstract. Limit the use of abbreviations and acronyms. Use the following subheads: Introduction, Materials and Methods, Results and Conclusion. A list of 3-10 keywords is to be provided directly below the abstract. Keywords should express the precise content of the manuscript, as they are used for indexing purposes. Use terms from the Medical Subject Headings (MeSH) list of index medicus:

7. Introduction: This should summarize the purpose and the rational for the study. It should neither review the subject extensively nor should it have data or conclusions of the study.

8. Materials and Methods: This should include exact method or observation or experiment. If the method is established, give reference but if the method is new, give enough information so that another author is able to perform it. If a drug is used, its generic name, dose and route of administration must be given. For patients, age, sex with mean age ± standard deviation must be given. Statistical method must be mentioned and specify any general computer program used. The Info system used should be clearly mentioned.

9. Results: It must be presented in the form of text, tables and illustrations. The contents of the tables should not be all repeated in the text. Instead, a reference to the table number may be given.

10. Discussion: This should emphasize the present findings and the variations or similarities with other works in the field of study. The detailed data should not be repeated again.

11. Conclusion: Conclusions should be based on the results.

12. Acknowledgement: All contributors who do not meet the criteria for authorship should be covered. It should include persons who provided technical help, writing assistance and departmental head that provided general support. Financial and material support and conflict of interests must be written in this section.

13. Figures: Should be in limited numbers, with high quality art work and mounted on separate pages. The captions should be placed below.

14. References: The authors are responsible for the accuracy of the references. For abbreviations of journal names, refer to list of journals indexed in index medicus.

Article: Author(s) name (more than 6 names use et al). Title of article. Abbreviation of title of journal Year; Volume (Issue): Page. Example: Jalaeian Taghadomi R, Majidi MR, Peivandi A. [Combination of propofol and tranexamic acid as a protocol of providing optimal surgical condition in comparison with halothane during tympanoplasty]. Iranian journal of otorhinolaryngology 2006; 18(2): 5-9. (Persian)

Chapter: Author(s) name. Chapter. In: Editor(s) name. Book. Edition. Place: Publisher; Year: Page.

**Dissertation:** Author(s) name. Title. Degree. Dissertation. Place: University, College, Year: Page. Example: Abdullahi S. [Study of epidemiologic aspects of otosclerosis in patients with otosclerosis in Ghaem Hospital since 1993 to 2003]. MD. Dissertation. Mashhad: Mashhad University of Medical Sciences, Faculty of Medicine, 2003: 20-35. (Persian)

15. **Proof Reading:** Final edited articles is sent to the corresponding author for proof reading before publication. Corrections should be marked clearly and sent immediately to the journal office.

16. **Abbreviations and Symbols:** Use only standard abbreviations. The full term for which an abbreviation stands should precede its first use in the text.

17. **Corresponding Author:** The corresponding author will be supplied with 3 free issues.

18. **Ethical Guidelines:** Ethical considerations must be addressed in materials and methods. All manuscripts reporting the results of experimental investigations involving human subjects should include a statement confirming the informed consent was obtained from each subject or subject's guardian, after approval of the experimental protocol by a local human ethics committee. The authors are responsible for the whole scientific content of manuscript.

19. **Conflicts of Interest:** Authors should disclose, at the time of submission, information on financial conflicts of interest or other interests that may influence the manuscript. Authors should declare sources of funding for the work undertaken.

20. **Page Charges:** There are no charges for publication in this journal.

21. **Copyright:** The entire contents of Iranian Journal of Otorhinolaryngology are protected under international copyrights. You may not modify copy, distribute, transmit, display, or publish without the prior written permission of it or the appropriate copyright owner.

22. **Peer Review Process:** All manuscripts are considered to be confidential. They are peer reviewed by at least 2 anonymous reviewers selected by the editorial board. The corresponding author is notified as soon as possible of the editor decision to accept, reject, or require modifications. If the manuscript is completely according to the instruction, it is scheduled for the next available issue.

23. **Disposal of Material:** Once published, all copies of the manuscript, correspondence and artwork will be held for 1 year before disposal.

**The Final Checklist**
The authors must ensure that before submitting the manuscript, they have taken care of the following:
1. Title Pages
2. Abstract
3. References
4. Tables, illustrations and figures with their captions
5. Manuscript
6. Letter of undertaking signed by all the authors
7. Disclosure regarding source of funding and conflict of interest if any besides approval of the study from respective Ethics Committee/Institution Review Board
8. Covering letter
